1 convert dollar into rupees

```
#include <stdio.h>

int main() int dollars, rupees;

printf("Enter amount in Dollars: ");

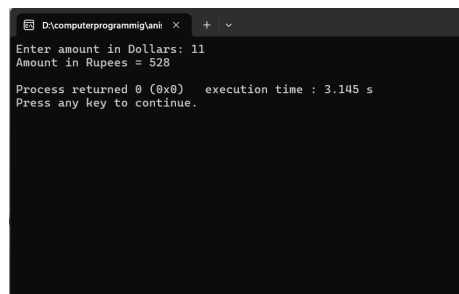

scanf("%d", &dollars);

rupees = dollars * 48;

printf("Amount in Rupees = %.2d\n", rupees);

return 0;
```

2 output

```
D:\computerprogramming\ank x + v
Enter amount in Dollars: 11
Amount in Rupees = 528
Process returned 0 (0x0) execution time : 3.145 s
Press any key to continue.
```
